Craig Saunter's comment: "This is good, this is good." Trish Taylor of EPA Region 3 called Julie Sautner to promise water deliveries. News just posted on our blog here, please read short report: <http://protectingourwaters.wordpress.com/wp-admin/post.php?post=5997&action=edit&message=6&postpost=v2>

EPA had better not let those families down again! Martin Luther King said, "The moral arm of the universe is long, but it bends towards justice." Here's hoping it doesn't take any longer for that arm to bend towards delivering thousands of gallons of safe clean water to Dimock.
